“The Cost of ‘Salvation’”

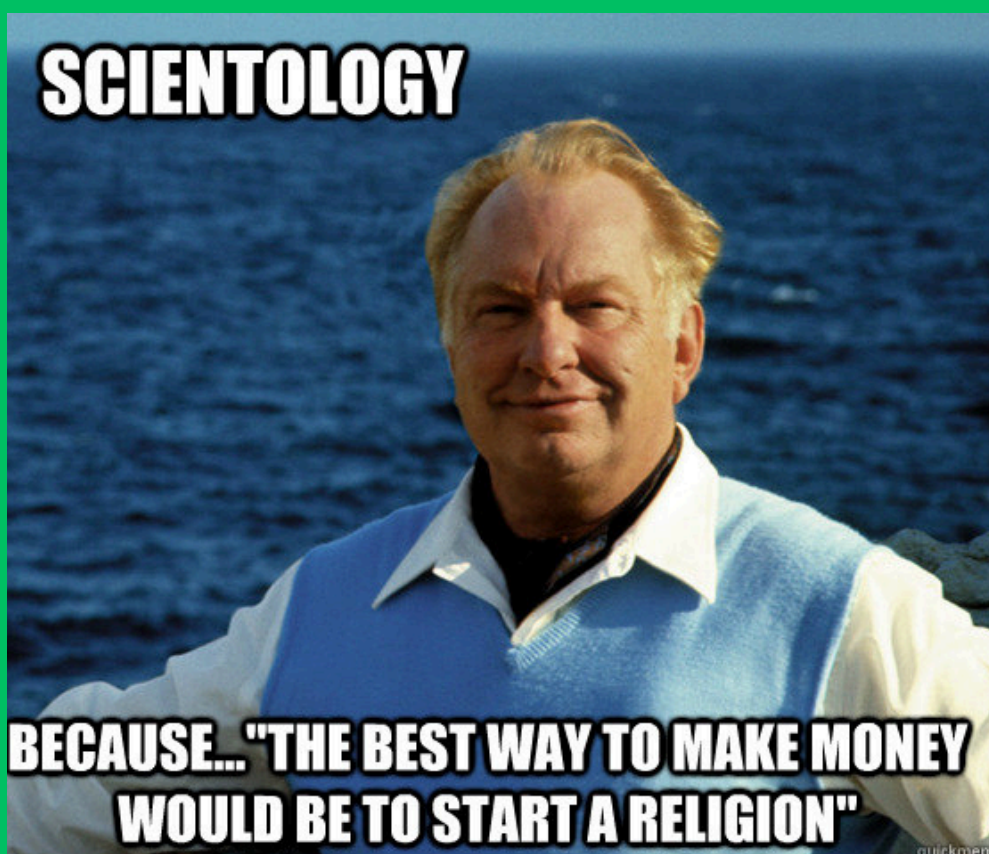

Scientology isn't free — it's financially devastating.

Members are pressured to:

- Take out credit cards and personal loans
- Drain savings accounts and retirement funds
- Donate tens or even hundreds of thousands of dollars to climb “The Bridge to Total Freedom”

🔒 *Once you're in, they say you can't move forward spiritually without paying more.*

📉 *Many ex-members leave in debt, emotionally shattered, and financially ruined.*
